

## PROUDLY CANADIAN-OWNED & OPERATED

Echo 1 Canada delivers turn-key ground support, field logistics, aviation, security, and field-medical solutions to government, first responders, public-sector utilities, energy operators, Indigenous communities, and corporate clients across Canada. As the Canadian arm of the Echo1 group, we draw on 21+ years of experience and more than **\$2 billion** in emergency services managed worldwide — now mobilized for Canadian communities, staffed by Canadian crews, and deployable nationwide typically within **48–72 hours**.

## CORE CAPABILITIES

### DISASTER RESPONSE & FIELD LOGISTICS

Base-camp & workforce housing; mobile sanitation (shower, restroom, laundry, handwashing & sleeper trailers); refrigerated trailers; mobile generators & power distribution; mobile command centers; fueling solutions; material handling. Full wrap-around services — meals, laundry, lighting, site access control & administration.

### SPECIALIZED AVIATION SERVICES

Rotary- and fixed-wing aircraft for personnel & cargo transport, under-slung load & hoisting, humanitarian aid & evacuation, and complex operations in remote terrain.

### MARINE & TRANSPORTATION SERVICES

Passenger vans and buses, barge and boat support, and reliable inland & coastal movement of people and critical supplies.

### OFF-ROAD & REMOTE ACCESS SOLUTIONS

Specialized off-road vehicles and remote-site access to keep operations running in the toughest environments.

### MOBILE CONNECTIVITY SOLUTIONS

Rapid network deployment with satellite / Starlink voice & data — scalable, resilient communications anywhere.

### SECURITY & FIELD MEDICAL

Search & rescue (urban & remote), access control & badging, physical security & asset protection, and tailored mission medical support.

### HUMANITARIAN EVACUATION SERVICES

Turn-key small- and large-scale evacuations with housing, transport, food, and medical support.

### INFRASTRUCTURE SITE SERVICES

End-to-end support for industrial / utility, pipeline / EPC / LNG, turnaround / shutdown, and federal / government sites — 50 to 250+ personnel for multi-month to multi-year operations with asset-owned execution and near-zero downtime.

### WHY ECHO 1 CANADA

- ✓ Asset-owned fleet & equipment — 1,000+ pieces
- ✓ 48–72 hour nationwide deployment
- ✓ Coast-to-coast readiness
- ✓ 150+ personnel across 5 group locations
- ✓ Proven on Canadian soil — Fort McMurray
- ✓ One call: turn-key, single point of accountability

### PAST PERFORMANCE (Echo1 group)

- 2016 Fort McMurray Wildfire — Alberta, Canada **\$46M**
